Move Beautifully

Let's change mobility by mixing technology and art, and good ideas with good design.

Let's show the world that functionality can be fun and practicality can be beautiful.

Let's make the start button a trigger button that every time is pushed, Monday mornings rides, school runs, traffic jams, and last-minute-we-don't-have-bread calls, are transformed into something exciting.

Let's keep elevating even the most mundane ride and making the journey the best part of the day.

A PASSION
FOR LIFE

The Piaggio Beverly is the ultimate urban trendsetter: its eye-catching lines combine with unique technological features to guarantee top-of-the-market safety standards. Sparkling engine performance and a state-of-the-art chassis make the Beverly the ideal scooter for moving through heavy urban traffic as well as for total comfort on long journeys, alone or with a passenger.
